MEMORANDUM FOR : Deputy Director for Support

SUBJECT : Support Career Service Competitive Evaluation Procedure

Paragraph 2 contains a recommendation for your approval.

1. The Support Officers' Advisory Group believes that the competitive evaluation of Support careerists is significantly important to warrant an in-depth study of each officer. This can only be accomplished by the exhaustive procedure of reviewing all official personnel files, close coordination with the Career Management Officer, and continual deliberations with other panel members. This is essential to insure a fair and equitable evaluation system.

2. To properly evaluate each officer in this manner places heavy demands on the panel member's time. It is recommended that officers serving on ranking panels be made available by their components to work full time on the competitive evaluation of Support officers for a period not to exceed one week.

Chairman

Support Officers' Advisory Group

APPROVED: in principle. We will have to obtain agreement of command line superiors.

(signed) John W. Collett
